

## IMWA News Letter: January – March 2020

To God be the glory that nothing can stop His work from going forward. We trust God, regardless of the devils plan and agenda to froze and course stagnation in the ministry of which we are all call to serve, we will not bow to his treats and plan, instead God makes a way where there seems to be no way. God is asking every believer to look up to him in the mix of this crisis's period, called unto him and he will answer (Jeremiah 33:03). *“you will not fear the terror of night, nor the arrow that flies by day, nor the pestilence that destroys at midday. A thousand may fall at your side, ten thousand at your right hand, but it will not come near you” (Psalm 91:5-7)*. This is the word of God at this time for us, this period of the world's darkest moment , God is saying to his children “you have nothing to fear and worry of”, all he is expecting us to do is to trust in him and lift up our heart cry to him and him alone. (pic of hope)

By God's grace, we are thankful to him that the work on the mission land in Sotokoi has not totally stop in this pandemic that is threatening the whole world. God raises up Nehemiah and Esther of their time and the same he raises some of us who are available every day to go to the mission land and see to it that the work need to be done is not laying await of the pandemic but see something done. On the mission land, we had it all cleared up and mount up the big tent for as a temporal place of worship, (pic of tent) seminars, hold conference, bible studies with young disciples on their discipleship trainings and other Christian gathering like IMWA Excusive Meetings etc. Around the new houses, we have a temporal fence also built round to give the tent and the new houses a covering, because it's so open from outside view and this also makes the place look attractive at a distance view too. The place where the tent it mounted is cored temporally too to prevent dust disturbing while sitting under it.

We also buy some flower vases, the modern type and collect some waste tyers from the mechanic workshops and have them all painted and we were trusting God for the German team to come this April so Mama Hannelore can help chosen the types of flowers we can use but unfortunately the team couldn't come as we all know of this corona virus pandemic. But we still are planning to have them done as we have Daniel and Jumaima on the agriculture department together with Djibulai the gardener working on it. We also praise God that all the tiling of outside verandas are finished. It's left with the painting project and ceiling work.

We are praising God too for the save return of Jumaima who was sent to Senegal for a training on permaculture in Beersheba for one month. She will join Djibulai continue with farming God's way in our garden.

We praising God more also on the harvest of souls, we receive three new cases of persecuted young converts from Islam into Christianity, of whom Fadil will continue to encourage, Discipline and praying with them on their new found faith in Jesus. We are asking for your prayers and support as well for this great commission. Brethren, please never cease to remember them in your prayers that they may continue, for the bible says, many are called, but few are chosen (....). We are praying and trusting that they are among the chosen ones for the Lord and his kingdom.

Inconclusion, we thank everyone that have not cease in doing their best to see this work go forward for his glory. We give thanks to our workers on the mission land, they all doing well with their work and cooperating too with each other as we all work as a team here too. We also thanking our German partners who never cease to support and have a burning heart for Gambia and the mission and all who give support to the work on the mission land in cash, in prayer or in kind too. We are saying thank you all and may God never cease to bless you for your works, Amen.

**We thank God for his protections during the visits of Bishop Professor Thomas Schirmacher and his wife. Their one week visit to The Gambia Christian Council was to find ways out to include the explicit phrases that guaranteed the safety of non-muslims by the new Gambian constitution but more especially The Christians. We had a very good meeting to go through the draft constitution and the areas which concern us the Christians after which we were able to have a fruitful meeting with the muslim**

**imams and scholars to set up an Interfaith Group and we jointly write a document which we sent to the Constitutional Review Commission (CRC) and copied the office of the president and the speaker of the national assembly. We appreciate so much the coming of Professor Thomas and his wife and we keep bringing them before God in our prayers.**

I bring you greetings from IMWA Mission Organization; we give God the glory and thank you very much for your partnership in His Kingdom work.

Keep us in your prayers as we always bring you before His Throne too. You are one of the few partners with us, we honor you for that and always give God the glory for your partnership in Jesus name; Amen.

We greet you with Phil 1:3-6.

.....

Fadil Ceesay

**Presenting Mandinka Bible to The former Vice President of The Republic of The Gambia who is also the main opposition Leader in Gambia for the pass 25 years**

**Speaking to the government official at a meeting in Janjang-Bureh on Gambia Christian Council position on the exclusion of the word "SECULAR" in the new draft constitution**

**Our sincere appreciation to EFG -HAIGERSEELBACH for donating us Chairs and Tables**

**We also thank God for the amazing support from the Church in Bruchsal to purchase cartoons of Bibles in English and Mandinka**

**PRAY FOR THE GAMBIA**
